

West Berkshire CIL rates summary 2022

Published 20 December 2020

This summary sets out the rates at which the community infrastructure levy (CIL) will be charged by West Berkshire Council as a CIL charging authority for the 2022 calendar year.

This summary is prepared in line with the requirements of regulation 121C of the Community Infrastructure Levy Regulations 2010 (as amended).

The West Berkshire CIL charging schedule was adopted in April 2015. This charging schedule has not been subject to any amendments. Table 1 sets out the rates at which CIL will be applied for the 2022 calendar year (the “indexed rate”)

Table 1 Indicative CIL rates to be applied to development in the 2022 calendar year

Type of development	Use class	CIL rate per square metre	CIL rate per square metre
		Newbury and Thatcham and Eastern Urban Area	Area of Outstanding Natural Beauty, and East Kennet Valley

These rates have been calculated by applying the formula:

$$\frac{R \times I_y}{I_c}$$

In this formula, R is the rate at which CIL is charged in the adopted West Berkshire CIL charging schedule (2015). These rates are set out in table 2.

Ic is the index figure for the calendar year 2015 (“the year in which the charging schedule containing rate R took effect”). This figure was 256.

Iy is the index figure for the calendar year 2022, as published by the Royal Institute of Chartered Surveyors (RICS). This is 332¹.
