<b>F. Non Bus</b>	£0
<b>Total:</b>	£137099

Q6. If you provided an amount for A, B or C in Q5, did you place specific requirements on operators as a condition of payment (for example, setting a minimum standard of emissions requirement which needed to be met)?

No

**If yes, please provide details**

Payments were made under the contract for the service(s) and the funding just formed a contribution towards this.

## SECTION B: TENDERED BUS NETWORK

Q8. Please provide details of which parts of your existing bus service you would not be able to deliver without the financial assistance from BSOG.

If you did not spend any of your BSOG on maintaining current tendered services, please enter N/A.

The BSOG is used to help underpin the tendered services 2,3,4,6,8 and 9 operated by Newbury & District and the de minimis contributions made towards the Thames Travel service 143 and Newbury & District services 1a/1a/1d.

Without the BSOG funding, there would be implications on some/ all of these services.

Q10. Please provide an estimate of the number of tendered routes supported by BSOG in your LA.

10

In addition to the costs above, the Council also incurred expenditure in 2023/24 on operating a number of local bus services in-house. These services are integrated heavily with Adult Social Care, Education and other transport requirements, and as such it is difficult to separate the costs attributable to local bus work from the overall integrated transport expenditure.

West Berkshire Council also incurred expenditure in relation to concessionary fares (primarily for commercial services) and in relation to Bus Services Improvement Plan grant funding in 2023/24 - neither of which are included in the above costings.

Q13. Did you spend all of your allocated BSOG 2023/24 grant?

Yes
