Document name	Schedule of Proposed Main Modifications
Modification/Change reference number (MM / PMC)	MM3

2. Do you consider the Proposed Main Modification or Proposed Policy Map Change to be:
(please tick/mark 'X' one answer for a and one for b)

- a) **Legally compliant** Yes No
- b) **Sound** Yes No

Please refer to the guidance notes for a full explanation of 'legally compliant' and 'soundness'

If you consider the Proposed Main Modification or Proposed Policy Map Change not to be sound, please identify which test of soundness your representation relates to:
(please tick/mark 'X' all that apply)

Positively Prepared: The LPR should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements.	
Justified: the LPR should be the most appropriate strategy, when considered against the reasonable alternatives	X
Effective: the LPR should be deliverable	
Consistent with national policy: the LPR should enable the delivery of sustainable development in accordance with the policies of the NPPF	X

3. If you have answered ‘No’ to question 2a or 2b above, please provide details of why you consider the Proposed Main Modification or Proposed Policy Map Change is not legally compliant or is unsound, including any changes you consider necessary to make the Plan legally compliant or sound.

You will need to say why this change will make the Local Plan Review legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Policy SP1 alters the boundaries of Tilehurst. This should be dropped because it is likely to lead to more development and population growth in what is currently a relatively rural area – reducing wildlife habitat and access to green spaces; increasing traffic on M4, A4, and in central Reading.

MM44 and MM45 policy RSAX - Land at Pincents Lane, Tilehurst (Site Ref: TIL13) - should be dropped because development of 138 houses in this area will drastically reduce wildlife habitat and public access to green spaces; have an adverse visual impact over a wide area, and will increase traffic on M4, A4, and in central Reading and Tilehurst. At present this area creates a ‘green corridor’ from the AONB towards Withy Copse, Tilehurst, the Golf Course and links for wildlife to green areas along the A4 such as Prospect Park.

Both proposals work against NPPF policies for sustainable development.
